ADITYA KUMAR JAISWAL

Greater Noida, Uttar Pradesh, India
+91 9142471063 | adiijaiswal.18@gmail.com | GitHub | LinkedIn | Codolio | Portfolio

Summary

Computer Science undergraduate specializing in Computer Networks & Cybersecurity, with a strong foundation in Data Structures & Algorithms, OOP, Operating Systems and DBMS. Familiar with Java, Kotlin and C through academic projects and virtual internships. Interested in troubleshooting technical issues, learning new technologies and contributing to collaborative technical projects.

Education

B.Tech in Computer Science & Engineering 2024 – 2028
Galgotias University, Greater Noida, Uttar Pradesh CGPA: 8.87

Class XII – 75% 2023

Class X – 90.2% 2021
R.K. Public School, Garhwa, Jharkhand

Technical Skills

Languages: C, Java, Kotlin
Databases: MySQL, Room
APIs & Connectivity: Google Nearby Connections API, JDBC
Android: Android SDK, Jetpack Compose, XML, MVVM, RecyclerView
Tools: Git, GitHub, Android Studio, VS Code, XAMPP
Soft Skills: Teamwork, Time Management, Problem Solving, Leadership

Projects

NearVaarta | Kotlin, Jetpack Compose, Nearby Connections API, Room June 2026 – Aug 2026

- Built an offline-first peer-to-peer Android messaging app for text and media sharing without internet access or a central server.
- Implemented application-level ACKs, retries and message-ID-based duplicate detection using Nearby Connections API, structured the app with MVVM, Room, Hilt and Kotlin Coroutines.
- Tested communication and media transfer between physical Android devices in offline environments with delivery confirmation.

Border Post Surveillance Log | Java, JDBC, MySQL, XAMPP Apr 2025 – Jun 2025

- Built a Java desktop application to digitize surveillance records for officers, vehicles and incidents, replacing paper-based logging.
- Designed a normalized MySQL database and implemented JDBC CRUD operations with modular officer management, vehicle logging and incident reporting.
- Centralized records to simplify data entry, retrieval and management.

Internship

Android Developer Virtual Internship | EduSkills (AICTE) Aug 2026 – Oct 2026

- Covered Kotlin, Jetpack Compose, Material Design, UI state management, app navigation, MVVM, ViewModel, StateFlow and Coroutines.
- Gained exposure to Room, DataStore, WorkManager and integrating Android Views with Compose.

Ethical Hacking Virtual Internship | EduSkills (AICTE) Oct 2024 – Dec 2024

- Learned fundamental concepts of ethical hacking, network security and vulnerability assessment.
- Performed basic penetration testing techniques and security analysis in simulated environments.

Certifications

- Java Collections & Servlets & JSP – GUVI / HCL Oct 2025
- Getting Started with Linux Fundamentals (RH104) – Red Hat Academy June 2026

Achievements

- Solved 200+ Data Structures and Algorithms problems on LeetCode, achieving a maximum contest rating of 1526.
- Participated in Codeforces programming contests, achieving a maximum rating of 939.
