LeetCode

Codeforces

Portfolio

Professional Summary

Computer Science undergraduate specializing in Computer Networks & Cybersecurity with strong foundations in Data Structures & Algorithms, Object-Oriented Programming and DBMS. Skilled in Android application development using Kotlin, MVVM architecture, Retrofit and OpenWeather API. Passionate about Software Engineering, Android Development and Competitive Programming.

Education

B.Tech in Computer Science & Engineering (Computer Networks & CyberSecurity) 2024 – 2028

Galgotias University, Greater Noida, Uttar Pradesh

CGPA: 8.83 / 10

Class XII (Senior Secondary)

2023

R.K. Public School, Garhwa, Jharkhand

Percentage: 75%

Technical Skills

Languages: C, Java, Kotlin

Core CS: Data Structures & Algorithms, Object-Oriented Programming, DBMS, Computer Networks

Android: Android SDK, XML, MVVM Architecture, RecyclerView

Database: MySQL

Libraries & Technologies: Retrofit, OpenWeather API, JSON Parsing, ViewModel, Repository Pattern, JDBC

Tools: Git, GitHub, Android Studio, VS Code, XAMPP

Competitive Programming

- Solved **200+** DSA problems on **LeetCode** and achieved a **contest rating of 1350+**.
- Regularly participate in **Codeforces** rated contests with a **maximum rating of 760+(Newbie)**.

Projects

Weather App | Kotlin, Android SDK, MVVM, Retrofit, OpenWeather API Nov 2025 – Jan 2026 (GitHub)

- Developed an Android weather application using Kotlin and MVVM architecture.
- Integrated OpenWeather API with Retrofit to fetch real-time weather and hourly forecasts.
- Implemented JSON parsing, dynamic day/night theme, and °C/°F temperature conversion.

Border Post Surveillance Log | Java, JDBC, MySQL, XAMPP Apr 2025 – Jun 2025 (GitHub)

- Developed a Java-based desktop application for recording border surveillance activities.
- Integrated MySQL using JDBC for secure storage and retrieval of records.
- Designed structured modules for officer, vehicle, and incident management.

Internship Experience

Ethical Hacking Virtual Internship | EduSkills (AICTE) Oct 2024 – Dec 2024

- Learned fundamental concepts of ethical hacking, network security, and vulnerability assessment.
- Performed basic penetration testing techniques and security analysis on simulated environments.

Certifications

Servlets & JSP – GUVI / HCL Oct 2025

Java Collections – GUVI / HCL Oct 2025

Machine Learning using Python – NIELIT, NIT Campus P O, Calicut, Kerala Feb 2026
